

Classic 3 Point

The three point napkin fold is very classic yet extremely quick to fold. Because the three point fold leaves the napkin mostly open, this fold is ideal for showing off any delicate embroidery that may be stitched on your napkin.

Step1

Iron the napkin flat.

Step2

Fold the napkin in half diagonally.

Step3

Fold the right corner of the napkin over to the left as shown in the picture

Step4

Fold the right side of the napkin towards the left until the desired necktie shape is formed on the napkin
