

Silverware Roll

If you are holding a buffet line for a large group of people and you need your napkins and silverware to be as compact as possible, the silverware roll is the perfect solution. It takes seconds to fold, is extremely portable and keeps your silverware nice and clean.

Step1

Iron the napkin flat.

Step2

Fold the napkin in half diagonally.

Step3

Orient the napkin so the longest side is toward you, and then place the silverware on the inner-edge of the long side.

Step4

Fold both sides in and over the silverware. Do not crease.

Step5

The napkin should now look like the picture on the left.

Step6

Tightly roll the silverware into the napkin.

Step7

You have created a silverware roll
