

Triangle Pouch

If you have napkins with fancy lace or hemstitched edging and you would like to show it off, the triangle pouch fold is the way to go. This fold works extremely well with all lace edged napkins or napkins with a small decorative corner. The triangle pouch also provides a space in the middle if you would like to frame your silverware.

Step1

Iron the napkin flat.

Step2

Fold one corner of the napkin diagonally toward the opposite corner leaving approximately 1.5 inches from the edge

Step3

Fold the right hand side of the napkin over one third of the way.

Step4

Fold the left hand side to match the right hand side as shown in the picture.

Step5

Flip the napkin over.

Step6

Fold the bottom of the napkin one third of the way up

Step7

Complete by flipping the napkin over to the front.
